

**2010 Could Be
Historic Year for
Alabama Republicans**

By: Rep. Mike Hubbard
(R-Auburn)

*Mike Hubbard serves as Chairman of
the Alabama Republican Party*

Ladies and gentlemen, welcome to the year we have been working toward here at the Alabama Republican Party for almost four years! 2010 certainly has the opportunity to be a year of historic victories and accomplishments for our Party.

The legislative session began in early January and although we have our hands full as the minority party, our Republican Caucuses in the House and Senate have been pushing as hard as we can to pass ethics reform, protect businesses from the constant pressure from Democrats to raise taxes and continue to focus on legislation that will create jobs for Alabama citizens.

Since we are in an election year, it's no surprise that Democrats are showing they will do and say

anything to protect the status quo and remain in the majority. That means more pork projects and wasteful spending of money that belongs to the hardworking families of Alabama.

Republicans, however, will continue to fight the liberal spending in Montgomery and in Washington, but the only way we will control the future is not to make the mistakes of the past. That means giving the people of Alabama a Legislature that works for them and not special interest groups!

The people are ready to rid Alabama of the culture of corruption created by Democrats over their 136 years of control – and the time to send the message comes in just a few months.

Your Party's leadership and staff have been working and preparing for this critical election year for some time. I can tell you without hesitation that we have the organization, the candidates, the resources and the team in place. But we need your help.

Please visit our websites, www.ALGOP.org and www.Alabama2010.com and find out how you can help our Party make history this November.

To compliment our "Seeing Red?" video the Alabama Republican Party is distributing FIGHT BACK! VOTE REPUBLICAN bumper stickers and yard signs. Up to 10 bumper stickers can be ordered for free (\$3.00 donation appreciated) on our **website**. You can also stop by the Alabama

Republican Party Headquarters and get a yard sign, located at 3415 Independence Ave, Suite 219 Homewood, AL 35209.

We hope you will take advantage of this opportunity to begin demanding control back to our country and state. This very important fight is one we can't afford to lose!

House District 40 Special Election Update

By: John Ross

John Ross serves as Executive Director of the Alabama Republican Party

The Alabama Republican Party has a tremendous opportunity in the special election in House District 40 on February 16th. Winning this seat will take us one step closer to flipping the State House to a Republican majority, and will provide our Party with all of the momentum we need as we move toward November. Our team is working closely with the Republican candidate, K.L. Brown, to do all we can to ensure victory in this election. K.L. is a solid conservative and small business owner who is committed to lower taxes, fiscal responsibility and job growth in Calhoun County.

As usual, the special interest groups, liberal unions and trial lawyers are heavily funding the Democrat candidate who is doing all he can to hide from his Party's label

and beliefs. We need your help to offset their efforts! Please contact our office, 205-212-5900, if you have any interest in making phone calls, knocking on doors or contributing financially. The time to act is now!

Just as conservatives sent a message to the Washington liberals with a resounding victory in Massachusetts, conservative Republican K.L. Brown has an opportunity to send a message to the Montgomery liberals on February 16th. Let's all make a commitment to band together and do our part to make it happen. The opportunities are endless for us in 2010 with a strong, united front working in unison toward a common, conservative goal.
